

MY COUNTRY

D **C**
I was born inside a hospital
G **D**
With a nine digit number code
C
I pledged allegiance to the flag
G **D**
When I was only four years old
C
The first thing that I learned in school
G **D**
Is we are a country free
C
When bad forces attack our land
G **D**
I'll fight for my country

D **C**
I joined the scouts when I was twelve
G **D**
And put on a uniform
C
I learned there how to fold the flag
G **D**
And how the look of a proud man was worn
C
We camped in the mountains, deserts, and plains
G **D**
We hiked through the giant trees
C
And I saw God in the beauty there
G **D**
I'll fight for my country

D **C**
With a heavy pack and a cluttered mind
G **D**
A young man walks all alone
C
Six thousand miles away he finds
G **D**
For the first time that he feels at home
C
And he laughs to himself as he faces his fear
G **D**
In the land of the mighty grizzly
C
It once was like this everywhere

G **D**

I'll fight for my country

^D
Now I love this river, love this land
^G ^D
And I love my green mountain home
^C
And when they come to cut the forest here
^G ^D
They won't be fighting me alone
^C
Cause the wildlands are the places we go
^G ^D
To remember what it means to be free
^C
When bad forces attack our land
^G ^D
I'll fight for my country
^G ^D
I'll fight for my country
^G ^D
I'll fight for my country
