

MY COUNTRY

^D
I was born inside a ^Chospital
^G With a nine digit number ^Dcode
I pledged allegiance to the ^Cflag
^G When I was only four years ^Dold
The first thing that I learned in school
^G Is we are a country ^Dfree
^C
When bad forces attack our land
^G I'll fight for my ^Dcountry

^D
I joined the scouts when I was ^Ctwelve
^G And put on a ^Duniform
^C
I learned there how to fold the flag
^G And how the look of a proud ^Dman was worn
^C
We camped in the mountains, deserts, and plains
^G We hiked through the ^Dgiant trees
^C
And I saw God in the beauty there
^G I'll fight for my ^Dcountry

^D
With a heavy pack and a ^Ccluttered mind
^G A young man walks all ^Dalone
^C
Six thousand miles away he finds
^G For the first time that he feels ^Dat home
^C
And he laughs to himself as he faces his fear
^G In the land of the mighty ^Dgrizzly
^C
It once was like this everywhere

^G ^D

I'll fight for my country

^D
Now I love this river, love this land
^G ^D
And I love my green mountain home
^C
And when they come to cut the forest here
^G ^D
They won't be fighting me alone
^C
Cause the wildlands are the places we go
^G ^D
To remember what it means to be free
^C
When bad forces attack our land
^G ^D
I'll fight for my country
^G ^D
I'll fight for my country
^G ^D
I'll fight for my country
