C performed without D string open
Am performed with G string open

Intro: C Am C Am

C Am
Green, endless green mountainside
C Am
Blue ocean waves in your eyes
F G Em F
She comes to me softly, slowly
F G Em F
And brushes me gently, carefully
C Am C Am
Like the trade winds back home

Come walk with me in the garden
Taste purple fruit on the tree
Won't you tell me your story, slowly
We'll dance through the garden, carefully
Like the trade winds back home

Look, smell the blue magic flower
Rain water falls from the mountain
Water falls into rainbows, slowly
Bending down to the ocean, carefully
Marry me by the ocean, hold me
Like the trade winds back

C Am
Welcome home . . .

Second vocal at end of song:
The rain falls
I hold you
I want to
Walk forever
Your shoulders in
The sunshine
Look there you'll
See them breaching
The green flash means forever
